Hello Kastlers and relatives,

I wanted to take a moment to write you about something I think may be very important to several of you. I have periodically revisited this topic myself, and it seems to be a growing issue from what I can see.

You may have received emails in the past regarding unclaimed money or property "waiting to be claimed" by you. This may not be too far from the truth. There are several Kastlers listed in various databases in the United States showing unclaimed bank accounts, insurance benefits, property, and other assets. I recognize some of the names, and know that there must be Kastlers currently living, or, decendants out there that could benefit.

I encourage everyone to take some time to research this. I have added a few links below that I have used to search, and there are probably more. Hopefully some of you can claim what is rightfully yours.

Regards from California,

Curt Kastler
